*Too Much Paper???*  
**... we can help**

Since 1979 Micrographics Equipment Services Inc. (MESI) has provided customer driven solutions. Today MESI, a reputable, low bidder on County, State and Federal contracts, is helping medical practices throughout Illinois and Indiana.

Our Medical Practice Solution is designed to increase your efficiency *today* and prepare you for *future* EMR/EHR solutions. Based on 29 years of archiving experience, MESI has created a program specifically for medical practices.

Most medical professionals understand the benefits of electronic health and electronic medical records, but are not sure the best way to start. Through the experience of our existing customers, we can *provide guidance*, without consulting fees. Results are evident immediately.

Digital files save money, improves operating efficiency and prevents back injuries. Most importantly, with digital files the risk of loss or damage to important records, can be eliminated.
